**Bootcamp** (*high intensity, high impact, medium-heavy weights*) A pulse-pounding workout experience, Bootcamp combines anaerobic athletic drills (e.g. sprints and jumping) with strength and stabilization exercises. Due to the intensity of this training, a check-in with the instructor before the first class is recommended.

**Cardio Strength** (*high intensity, low impact, light-medium weights*) Specifically designed for those who like an intense routine but prefer not to jump, this class combines energetic, rhythmic cardio with resistance intervals to create a challenging and fun workout. Appropriate for all fitness levels.

**Core conditioning** (*medium intensity, no impact, medium-light weights*) This class will focus on developing core strength by utilizing bodyweight exercises, light equipment, and free weights to create a full body workout.

**Dance Fit** (*medium intensity, medium impact, no weights*) Dance Fit is a fun, high energy class that combines popular music with easy-to-learn dance styles like swing, hip hop, and salsa. Appropriate for all fitness and experience levels.

**Gentle Fitness** (*low intensity, no impact, light weights*) Geared toward beginning exercisers and those with neuromuscular tightness, injury, or restricted movement, this class focuses on improving overall fitness with exercises that use props (e.g. mat, ball, and bands) and one's own body weight. Open to anyone, advanced or beginners. Each class will begin with a dynamic warm-up, followed by a running workout. Paces and distances will vary week to week, and by individual ability. Meets outside during favorable weather, and inside in inclement weather.

**Posture & Strength** (*low intensity, low impact, light weights*) A Pilates alignment-based class focused on strengthening the postural muscles to counteract rounded shoulders and forward head, this class is for anyone who would like to improve text neck, kyphosis, or prevent either from progressing. The instructor will use light weights and Pilates props to help participants strengthen their bodies into alignment. Appropriate for all ages; safe for those with osteoporosis.

**Power 30.45** (*medium intensity, low impact, heavy weights*) An intense, muscle-building, strength training class that challenges all muscle groups with the use of heavy weights and low repetitions with the goal of achieving an athletically sculpted body. Some weight training experience is necessary.

**Pump + Jump** (*high intensity, high impact, medium-heavy weights*) This class combines athletic strength training with plyometric drills (jumping) to improve strength and cardio endurance via cardio circuits and intervals. Appropriate for all fitness levels; modifications available.

**Resistance/Cardio Training** (*medium intensity, low impact, medium to heavy weights*) Resistance cardio training is a low-impact lifting class with intervals of cardio done to fun, upbeat music. This class is great for those who want a strength workout but prefer not to jump. Please note that this class is 75% Strength, 25% Cardio.

**Spin** (*high intensity, no impact, no weights*) Participants will increase their aerobic endurance and strength as they ride through imaginary landscapes, accompanied by upbeat music and motivational instructors! Appropriate for all fitness levels, spinning is performed on a stationary bike with the intent of simulating an outdoor ride; offered in 30-, 45-, and 60-minute formats.

**Step** (*medium-high intensity, medium-high impact, no weights*) A fun, well-choreographed, fat-burning workout, this class uses an adjustable step platform. Appropriate for all fitness levels, although some coordination is helpful.

**Strength Cycle** (*high intensity, no impact, medium to heavy weights*) A unique class which combines advantages of a cardio spin class with the strength building of an upper body/core power class. Open to both beginners and experienced spinners; participants will increase their aerobic endurance whilst also improving their upper body and core strength.

**Vinyasa Yoga** (*low intensity, no impact, no weights*) A popular style of yoga in which the breath is synchronized with a flowing sequence of postures, Vinyasa challenges and empowers participants to realize the connection between breath and core strength. Each instructor brings a unique variation to the practice, including music, to enhance the flow and rhythm of the class. Appropriate for all fitness levels.
