Barre uses targeted movement to fatigue and sculpt the muscles combined with large range motion to increase the heart rate.

Bootcamp: The ultimate challenge! This pulse-pounding workout includes weight training along with athletic drills and calisthenics, for those who want intensity without complexity. Please note that this class includes extreme training elements like sprints and plyometrics, therefore we ask that you speak with the instructor before your first class.

Gentle Fitness is geared toward beginning exercisers and those with neuromuscular tightness, injury or restricted movement. Improve your overall fitness with exercises utilizing your own body weight and various props such as a mat, ball or bands. If you can appreciate a class with slower movement with an emphasis on proper technique and posture, Gentle Fitness is the class for you.

Low Impact Cardio+: Low impact, not low intensity! Energetic, rhythmic cardio that is both challenging and fun with resistance intervals. Specifically made for those who like a great workout, but prefer not to jump.

Muscle Max & Cardio: Free weights, resistance bands, body bars, and more to build strength and endurance. Keep your heart rate up with fun and challenging cardio circuits and intervals.

Pilates is a no impact, mat-based workout that is suitable for all fitness levels. Build a strong core, increase strength and flexibility, and improve posture, stability and alignment. Runners, golfers, tennis enthusiasts, cyclers, and swimmers will find increased speed and stamina as well as a greater sense of muscular balance. Various props may be utilized to bring additional focus to your workout.

SURGE FIT is the energizing HIIT workout that will get you results fast! High intensity cardio tracks that push fat burning systems into high gear are intertwined with high-rep strength training tracks that shape and tone your body for maximum results. Popular music driven highs and lows combined with a motivating group atmosphere will get your heart rate and muscles surging to push you to your personal best.

WERQ® is the wildly addictive cardio dance workout based on the hottest pop and hip hop music.

Yoga

Hatha Yoga is about creating balance and uniting opposites. Learn to develop strength and flexibility and balance effort with release as you move through each pose.

Reset + Restore Yoga: The things we do every day, office work, acting as chauffeur for our family, pushing through a tough workout, or all of the above, lead us to create structural imbalances in our bodies and form habits in our minds. Reset & Restore Yoga combines the principles of Hatha and Yin to undo that conditioning, restoring balance to the body and mind. Suitable for all levels of yoga experience, with modifications available.

Vinyasa Yoga: A popular style of yoga in which the breath is synchronized with a flowing sequence of postures. Each instructor brings their own unique variation, including music to enhance the flow and rhythm of class. This is a challenging and empowering practice emphasizing breath connection, core strength, and awareness.

Yin Yoga is a non-flow yoga in which poses are held for long periods. The asanas in Yin target the connective tissue, allowing for an overall increase in joint circulation and improvement in flexibility.

Yogalatte is a combination of Pilates-based movements and Power Yoga to enhance strength, flexibility and core stability. **Stretch, Balance & Move:** Learn to move without pain and stiffness, increase athletic performance, and protect yourself from injury with stretches and movement patterns made for everyBODY. Participants may want to bring a towel along with a mat to class. Shoes will be worn.

Yoga for All: A great place to begin or continue your yoga practice. With no set flow and options given for everyone, this class is the perfect way to compliment your wellness routine. Please bring your own mat.

Youth Yoga: This class will introduce children ages 5-10 to mindfulness, yoga, and breathwork. Utilizing games, books, and playful movement, children will explore yoga exactly where they're at developmentally to build confidence and greater awareness of themselves and the world around them. Children are encouraged to attend on their own, though we are flexible.
