BACK ROOM REQUIREMENTS

To ensure the safety, well-being and overall enjoyment of the children who visit the Treehouse Activity Center, all children must meet the criteria listed below to play in the back room.

Children MUST:

- be AT LEAST 4 years old
- be able to follow directions
- be verbal and communicative
- be well potty-trained
- be able to quickly separate from parents
- not be a thumb-sucker or use a pacifier
- not bring toys from home

While we are happy to help your child adjust to the back room, we may not be able to accommodate this during busy Treehouse hours. Given the room dynamics, the Treehouse staff reserves the right to determine the most appropriate room for your child(ren).

ADDITIONAL INFORMATION

For security purposes, we ask that parents refrain from entering into the Treehouse play area, beyond the second half-door. The Treehouse has video cameras positioned in each of the play rooms, which can be monitored by Liberty Management.
