

SMALL GROUP TRAINING

Intro to Strength Training Ages 12-15

If your child is interested in strength training for sports, or just for fitness, this class is where they should begin! Not only will they learn proper technique, but they'll start building fitness and strength while learning.

Led by Liberty's certified personal trainers, this three-class program will safely introduce young participants to the fundamental principles of strength training. The goal of the program is to have each participant understand and demonstrate proper technique and form in five foundational movement patterns: Squatting, Lifting, Lunging, Pushing, Pulling. All participants will begin using bodyweight and will only be progressed to light dumbbells, bands, and medicine balls after demonstrating proper technique.

Class meets in the Performance Training Area. Hand sanitizer will be readily available and FDA-approved disinfectant will be used on all equipment before and after class. Please bring a towel and water.
